Foreword

This Guide is published primarily to enable Canadian Forces electors, Public Service electors and Veteran electors to determine the electoral district in which they are qualified to vote at a general election. It is an alphabetical listing of names of cities, towns, villages and other places in Canada, with the province and electoral district in which they are situated. The electoral districts mentioned in this publication are those established by the Representation Order of 1976 and are presently in effect. A revised Guide will be published once the electoral boundaries have been altered by a new Representation Order.

An asterisk (*) before a place name indicates that most of that place is located in the electoral district mentioned, while a minor portion is situated in the adjacent electoral district(s).

Large urban centres of Canada cover a number of electoral districts and do not appear in this Guide. For these centres, street indexes have been published, listing addresses with corresponding electoral districts.

Information on this Guide or the street indexes is available from:

Avant-propos

Ce Guide est publié principalement pour permettre aux électeurs des Forces canadiennes, aux électeurs de la Fonction publique et aux électeurs anciens combattants de déterminer la circonscription où ils sont habiles à voter à une élection générale. Il énumère, en ordre alphabétique, les noms des cités, villes, villages et autres endroits du Canada, indiquant la province et la circonscription où ils sont situés. Les circonscriptions mentionnées dans cette publication ont été établies par l'Ordonnance de représentation de 1976 et sont actuellement en vigueur. Le Guide sera révisé et réimprimé à la suite de la promulgation d'une nouvelle Ordonnance de représentation modifiant les limites des circonscriptions.

Un astérisque (*) précédant le nom d'un endroit signifie que la majeure partie de cet endroit est située dans la circonscription indiquée et une minime partie dans une (des) circonscription(s) adjacente(s).

Les grandes villes du Canada couvrent plusieurs circonscriptions et ne figurent pas dans ce Guide. Des indicateurs de rues, énumérant adresses et circonscriptions correspondantes ont été publiés pour chacune des grandes villes.
